Disclaimer

The information contained in this Expression of Interest (EOI) or subsequently provided to Applicants, whether verbally or in documentary or any other form by or on behalf of the Raipur Smart City Limited (“the Authority”) or any of its employees or advisers, shall be considered confidential and not to be reproduced / transmitted / adopted / displayed for any purpose whatsoever.

This EOI is one of the steps in the process of selection of an entity for the project of implementation of 24X7 Water Supply Scheme on PPP-model in whole or part of 777 acre ABD (Area based Development) area of Raipur city under Smart City Mission.

This EOI is not an agreement or an offer by the Authority to the Applicants or any other person. The purpose of this EOI is to provide interested parties with information that may be useful to them in the formulation of their Proposals pursuant to a specific Request For Proposal (RFP).

This EOI includes statements, which reflect various assumptions and assessments arrived at by the Authority in relation to the Project. It is not possible for the Authority, its employees or advisers to consider the objectives, technical expertise and particular needs of each Applicant who reads or uses this EOI. The assumptions, assessments, statements and information contained in this EOI, may not be complete, accurate, adequate or correct. Each Applicant should, therefore, conduct its own investigations and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the assumptions, assessments and information contained in this EOI.

The information provided in this EOI is not intended to be an exhaustive account of statutory requirements and should not be regarded as a complete or authoritative statement of law. The Authority accepts no responsibility for the accuracy or otherwise for any interpretation or opinion on the law expressed herein.

The Authority, its employees and advisers make no representation or warranty and shall have no liability to any person including any Applicant under any law, statute, rules or regulations or tort, principles of restitution or unjust enrichment or otherwise for any loss, damages, cost or expense which may arise from or be incurred or suffered on account of anything contained in this EOI or otherwise, including the accuracy, adequacy, correctness, reliability or completeness of the EOI and any assessment, assumption, statement or information contained therein or deemed to form part of this EOI or arising in anyway in this subject.

The Authority, may in its absolute discretion, update, amend or supplement any information, objective, assessment or assumption contained in this EOI.

The issue of this EOI does not imply that the Authority is bound to select an Applicant for the
project and the Authority reserves the right to terminate the process at any time without assigning any reasons whatsoever.
RSCL- EOI for 24X7 WATER SUPPLY SYSTEM AT ABD AREA OF RAIPUR UNDER RAIPUR SMART CITY LTD

SECTION I: INTRODUCTION AND SCOPE OF SERVICES.

1. INTRODUCTION
Rajapur has obtained status of capital City of the State of Chhattisgarh and the administrative Headquarters of the District from November 1, 2000. The Population of the Municipal Corporation is 10,26,539 as per Census 2011. For the last few decades the city has experienced high growth rate of population due to increased migratory, population due to economic base, presence of administrative, commercial and Industrial potential leading to migration of more and more people to Raipur from adjoining areas.

Raipur has been selected under the Smart City Plan on May, 2016 by the Ministry of Urban Development, Govt.of India.

Smart City Proposals includes area based proposal for a particular area (Mor Raipur City Central or MRCC Area) which will be developed into a smart area, thereby improving liveability of the whole city (the “Area Based Development Project”). The ABD area considered for retrofit and redevelopment model development is 777 acre. It is predominantly commercial with equal presence of wholesale and retail. The area contains 3 significant water bodies, sports infrastructure, households, and a plethora of heritage areas too. MRCC is envisaged as a transformational project converting the Raipur urban heart into a Clean, Connected, Cohesive and Credible Raipur; A project replicable in other parts of Raipur as well as other smart cities of the state.

2. RAIPUR SMART CITY LIMITED
The Government of Chhattisgarh has formed a special purpose vehicle (SPV), Raipur Smart City Limited (RSCL) (the “Authority”) to plan, design, implement, coordinate and monitor the smart city projects in Raipur. RSCL is an unlisted Public company incorporated on 16 September, 2016 and is incorporated under Indian Companies Act 2013.

3. OBJECTIVE
As a part of the Smart City Development, RSCL has decided to improve water supply situation in MRCC area through Public Private Partnership (PPP) mode on Design, Build, Finance, Operate and Transfer (DBFOT) basis. The main objectives are:

- To achieve 24x7 water supply in MRCC area or its part(s)
- To achieve adequate pressures in the system
- To reduce NRW to less than 15%.
- Quality of Water to be as per IS 10500.
- To implement smart Billing, Collection and SCADA System.
- Operation & Maintenance of the total scheme for a period of 10 years.
4. PROJECT AREA
The Project area for Area Based Development Proposal located in Central Raipur, starts from the railway station and extends till Vivekananda Lake also known as Budha Talab. The proposed site for Redevelopment is with an approximate area of 777 Acres and is shown in Figure 1.

Figure 1: Project Area - Raipur Smart City
The site location is shown in Figure 2. The approximate co-ordinates are on 21°23’45.2”N, 81°63’57.9”E. In terms of administrative jurisdiction, the proposed site is part of Raipur Municipal Corporation area. The site is near to Collectorate and other government offices. Major commercial area and old markets of Raipur city are the part of ABD area. As many as twenty four junctions like Shastri Chowk, Jaystambh Chhowk, etc. and major state highway locally known as Gaurav path is also part of site. NIT, Raipur is 2.4km from Amapara chowk which is west part of ABD site.
5. PURPOSE OF THIS EOI
Raipur Smart City Limited (RSCL)/Raipur Municipal Corporation (RMC) invites responses to this Expression of Interest ("EoI") for “Improvement & Revamping of Existing Water Supply, Transmission and Distribution Network under the Mor Raipur City Central (MRCC) Area through Public-Private Partnership (PPP) on a Design, Build, Finance, Operate and Transfer (DBFOT) basis, as a project for reduction in NRW/UFW & improvement in service to the residents through uninterrupted (24x7) water supply”

Feedback and inputs from interested applicants would be considered and formalized for subsequent preparation of “Request for Proposal (RFP)”.

6. EXISTING SYSTEM DESCRIPTION
Currently, Raipur is supplied 277 MLD of water from various sources. The population of Raipur as per 2011 Census is 10,26,539. Considering current population as 12 lakh, the average per capita supply in Raipur is about 200 lpcd, supplied intermittently for a period of 2-3 hours per day mostly. MRCC area receives 11 MLD and its current population is about 67000. The per capita supply for MRCC area is thus 160lpcd.

At present, water from 4 ESRs (Motibagh, Ganj, Deven Nagar, and Tank No.7) are serving the ABD Area of Raipur. The command areas of these ESRs also serve certain areas outside ABD (ESR Command Area as per Annexure II). The total number of house service connections in ABD area is around 6700, currently there are many type of loses in the Water Supply Distribution Network, which includes loses due to pilferages, High NRW, leakages in lines etc.

The Total No. of House Holds in ABD Area is around 16000.

7. SCOPE OF WORK OF OPERATOR
The project is divided into two parts:
(a) Implementing 24x7 water supply in one of the Command Areas of ESR.
(b) Improvement of water supply system to the rest of the ABD area through capital works of replacement/strengthening of the pipelines, introducing new storage tanks etc.

Under The Present Scope the successful Bidder will be required to undertake the following:

1. Reconnaissance survey
2. Social and community survey
3. Stake Holders meeting, presentation workshop for awareness of 24X7 Water System.
4. Detail survey and investigation  
5. Geotechnical survey  
6. Mapping of the Existing Distribution Network  
7. Hydraulic Design of the Water Supply Network  
8. Supply, Lowering, Laying, testing and Commissioning of Pipe Lines for Distribution Network  
9. Supply, Installation of Meters, SCADA works, Billing hardware and Software.  
10. Other related works required for successful implementation of 24X7 Water Supply system in one Command Area and improvements in rest of the areas to be executed through Public-Private Partnership mode on Design-Build-Finance-Operate and Transfer Mode.  
11. Operation and Maintenance for ten years.

</table>
### Sr. No. | Description of the Component | Scope
--- | --- | ---
7. | Leakage Management | The Operator will be responsible for continuous active leakage management programme during O&M Phase.

Some portion of the Selected Command Area of the ESR may fall outside the ABD Area, which also needs to be integrated into the 24X7 Water Supply Distribution Network System.

#### 8. TECHNICAL SUBMISSION
Interested firms are requested to submit their Technical Proposal comprising the following:

- a. Detail Approach and Methodology to accomplish the task assigned
- b. Identification of sub components (breaking up the entire task into sub tasks), their corresponding timeline and resource requirement
- c. Technology options with respect to leak detections, billing process, metering and SCADA
- d. Note on Implementation Structure (PPP models including hybrid PPP models/mix of PPP & EPC)
- e. Relevant case studies (Since last five years)

Inputs from Participants on the following points in the “Technical Proposal” will be appreciated:

1. Revenue sharing model
2. Telescopic Tariff
3. Workable PPP Options

*RSCl may consider these suggestions while drafting the RFP in near future. Only select applicants will be called for presentation.*

#### 9. WHO CAN PARTICIPATE?
All reputed National / International companies and service providers as sole entity or in Joint Venture.

Interested Companies advised to study this EoI document carefully before submitting their “Technical Proposal” in response to the EoI document. Submission of the "Technical Proposal" in response to this EoI shall be deemed to have been done after careful study and examination of this document with full understanding of its terms, conditions and implications. *Technical Proposal* must be received not later than time, date and venue
mentioned in the EoI. “Technical Proposal” that are received after the deadline WILL NOT be considered in this procurement process. All documents that form a part of response submitted by interested Firms/Entities, should be uploaded on the e Procurement portal. No hard-copies should be sent to the department.
