Contents

1 Executive Summary	6
1.1. Background	6
1.2. Methodology to prepare the report	6
1.3. Broad Findings	7
1.4. Structure of report	11
2 Introduction	12
2.1. Background	12
2.2. Project Objective:.....	12
2.3. Scope of Work:.....	12
2.4. About Deoghar City	13
2.4.1. Wards & Their Population	13
2.4.2. Important Places	14
2.4.3. The Road Network.....	14
2.5. Current Telecom Scenario	15
2.6. Concerned Organizations	15
2.6.1. Stakeholders:	15
2.6.2. Customers	16
3 Bandwidth Demand Assessment.....	17
3.1. The Socio economic profile of Deoghar:	17
3.2. Projections for Deoghar	17
3.3. Institutions of Deoghar.....	17
3.4. Existing Telecom Infrastructure.....	18
3.4.1. Telecom Operators.....	18
3.4.1.1. Cable Operators	18
3.4.1.2. DTH Service Providers.....	18
3.4.2. Optical Fiber Infrastructure	19
3.5. Future Demand Assessment.....	20
3.5.1. Population Growth	20
3.5.2. Digital India Initiative:.....	20
3.5.3. Smart City Initiative:	21
3.5.4. Service Requirements.....	22
3.5.5. Connectivity Requirements	23
3.5.6. Telecom Growth.....	23
3.5.7. Bandwidth Estimation:	23

3.5.8. Conclusion:	26
4 Planning of the Duct Route	28
4.1. Planning Methodolgy	28
4.2. Categorization of Roads/Routes	28
4.2.1. Primary roads/routes:	28
4.2.2. Secondary roads/routes:	28
4.2.3. Tertiary roads/routes:	28
4.3. Route Plan	29
4.4. Overall Route	29
5 Ducting Design & BoQ	31
5.1. Infrastructure Dimensioning.....	31
5.1.1. Dimensioning Parameters	31
5.1.2. Assumptions.....	32
5.1.3. No. of Micro-Ducts Required	32
5.1.4. Route Length.....	33
5.1.5. Size of Ducts/ Micro-ducts.....	33
5.1.6. Duct Lengths	34
5.1.7. Bill of Quantity	34
5.1.7.1. Material	34
5.1.7.2. Services	35
6 Construction Methodology	36
6.1. Types of Ducts.....	36
6.1.1. Simple Duct [Merits, demerits, broad specs, cost]	36
6.1.2. Micro duct.....	37
6.1.2.1. Types of Micro duct cable and Fiber Units	37
6.1.2.2. Micro duct sizes.....	38
6.1.2.3. Micro duct Tube connectors and closures.....	38
6.1.2.4. Micro duct optical fiber cables.....	39
6.2. Duct to Fiber Mapping.....	39
6.3. Installation methods	40
6.3.1. Considerations for Installation of cables in underground duct	40
6.3.2. Installation of duct with trenching methods	41
6.3.3. Installation of Duct with the trenchless technique	41
Requirement of trenchless techniques.....	42
Depth of duct laid.....	43
